That’s good if you don’t want it to be that long tho I’d say something like Ive been a loyal customer for about a year until I broke out with an allergic reaction from her lash materials. She charged me to remove my lashes even though they had an allergic reaction and is now trying to make me pay for new glue without any compensation on the price of a set. When I asked her to buy the glue she told me to go to someone else even though I am a loyal customer to her and promote her business

But like i would be cool with whatever back then open relationship whatever but i rly wasn't emotional educated i used to just think love was an insecurity amd u only need it if your insecure but thats wrong i used to think sex was just busting a nut and making kids but thats wrong so then i started thinking the other way that sex shouldnt be shared but should be a private emotional connection between 2 people who love eachother
